Answer

ANSWER
THE MINISTER OF STATE (IC) OF THE MINISTRY OF AYURVEDA,
YOGA & NATUROPATHY, UNANI, SIDDHA AND HOMOEOPATHY
(SHRI SHRIPAD YESSO NAIK)
(a): The four Research Councils, namely Central Council for Research in Ayurvedic Sciences (CCRAS), Central Council for Research in Unani Medicine (CCRUM), Central Council for Research in Siddha (CCRS) and Central Council for Research in Homoeopathy (CCRH), autonomous organization under the Central Government are involved in research activities, inter-alia including development of new drugs. The details regarding filing of patents for drugs by these Councils during last three years are at Annexure.
(b: The details of new drugs and validation of drugs by the Research Councils working under Ministry of AYUSH during last three years are as under:

(i) CCRAS has initiated validation of 43 ayurvedicformulations in 17 diseases/conditions in 2013-14. During 2014-15 and 2015-16 data analysis have been completed in 14 and 16 cases respectively. Further, CCRAS has completed study before initiating data analysis for its two new drug developed, namely, AYUSH- Manas and AYUSH-QOL2C.

(ii) CCRUMhave completed studies on 25 formulations during last three years.

(iii) The Central Council for Research in
Homoeopathy (CCRH) has also initiated drug validation studies on 53 drugs in 05 clinical conditions.

(iv) CCRS has clinically validated two drugs
(c) & (d): Yes. The details are as under:

CCRAS has developed 14 drug formulations out of which 11 have been commercialised; Study completed in two cases; and pre-clinical studies completed in 06 cases. It has also initiated drug development on bronchial asthma.

CCRH has initiated research studies in non- communicable diseases using homoeopathic medicines mentioned in traditional text books and has completed pre-clinical trials for drugs on cancer and clinical trials for developing drugs on diabetes, hypertension, bronchial asthma and hyperlipidemia.

CCRUM has initiated four multi- Centric Randomized Controlled Trials(RCTs) for non- communicable diseases including diabetes and hypertension.

CCRS has completed pre-clinical studies for developing drugs, namely, OA 1 Chooranam for osteoarthritis.
